

ANZAC Day 2020

6am Music for Mateship Participants

Due to the lockdown restrictions imposed for the health and safety of all citizens, the RSL were forced to cancel all public Anzac commemoration services. As the result, an initiative entitled Music for Mateship started Australia wide to stand in your driveway at 6am and play the bugle calls or stand with a candle to light up the dawn, many thousands Australia wide participated in this simple act of remembrance and in doing so showed the importance of Anzac to all.

A number of Camden band members took part in the playing of the calls and rightly deserve recognition, for many members it was the first time they had played the calls and each one stood proud, many have received the thanks of their neighbours for their efforts and on behalf of myself and the Camden Community Band I would like to add our thanks and congratulations to those who played.

The information that I have of those taking part in the playing of the calls and acts of commemoration are as follows, if you did play them but don't appear on the list, please accept my apologies and let me know. It is my intention to add this list to our archives and to the copies we present to the RSL sub branch and Camden Historical Society for their perusal
