

Camden Community Band Inc. Resumption of Rehearsals

As restrictions continue to be relaxed across NSW, Camden Council and The Senior Citizens Centre have agreed to allow our face to face rehearsals to recommence subject to the following protocols.

- 1: All persons (Whether band members or not) will be signed in on the Covid register upon arrival at the centre. This register will be maintained each rehearsal for the foreseeable future.
- 2: Should a member experience symptoms consistent with Covid, they are to notify the secretary as a matter of urgency.
- 3: Temperatures will be taken upon arrival and should a member present with an anomalous reading they will not be allowed to enter the venue until cleared by their own doctor
- 4: Hand sanitiser will be provided and may be used throughout the rehearsal as required
- 5: Social Distancing of players will also be implemented. Players are requested to provide their own music and stand so that they are not sharing or needing to work closely together.
- 6: Players are responsible for any fluids leaking from their instrument. Please bring a towel etc to clean up your own mess, towels and any wipes used must be removed from the premises at the end of rehearsal.
- 7: Surfaces will be wiped down with hospital grade disinfectant at the end of the rehearsal. Chairs will be disinfected before use
- 8: Should a member feel ill for any reason you are directed to not attend the rehearsal or any function of the band until you are fully fit.

The first rehearsal will be live streamed via secure YouTube so that even if you cannot attend or have not been able to use Zoom technology during lockdown you can still view the rehearsal the link is:
